

March 2005

Dear New Member

Welcome to Hampshire Horsewatch!

Thank you for joining this community scheme. This letter along with accompanying material is part of a welcome pack of what is intended to be useful information. As someone who is identified as having internet access the full welcome pack has not been sent. To save administration costs you are invited to go onto our web pages contained within the following web site [www.nfed.co.uk/horsewatch](http://www.nfed.co.uk/horsewatch). Find the "Join on Line" section and within it you will see an invitation to Down Load a New Member Pack. Please open this, read or down load material as you wish.

Hampshire Horsewatch was relaunched in September 2000 to:

- provide information on crime prevention;
- help members of the equine community to keep in touch reporting suspicious occurrences; and
- encourage people to be as vigilant as possible at all times.
- Help prevent and reduce Rural Crime.
- Forge and cement new association with equine communities, schemes and organizations.
- Support Hampshire Constabulary with its crime prevention, reduction strategies and initiatives

Since its launch the membership numbers of Hampshire Horsewatch have slowly but surely been growing. Many activities and preventative measures can be employed to deter the likelihood of equestrian crimes being committed. The main consideration is vigilance and awareness.

*Hampshire Horsewatch is only as effective  
as the amount of effort  
people put in to make it successful.*

A full "Welcome" letter can be found within the pack on the web site.

Thank you for your support.

Yours faithfully,

Hampshire Horsewatch
